CodTech Internship — Task 2: Automated Report Generation

| Metric                     | Value            |
|----------------------------|------------------|
| Total Students             | 60               |
| Passed                     | 60 (100.0%)      |
| Failed                     | 0 (0.0%)         |
| Overall Average Score      | 71.94            |
| Highest Score              | 86.60            |
| Lowest Score               | 53.60            |
| Best Performing Department | Computer Science |

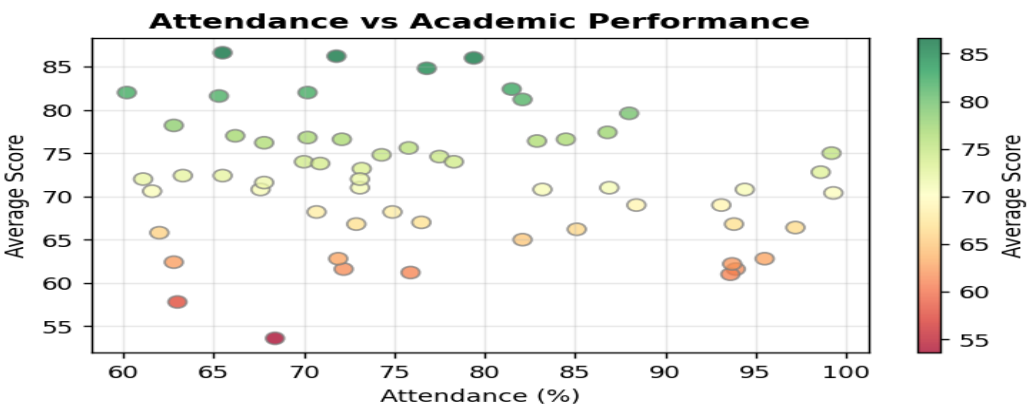

# Visual Analysis

## Subject-wise Score Distribution

## Attendance vs Academic Performance

## Top 10 Performing Students

| #  | Name       | Department       | Avg  | Grade | Attend % | Status |
|----|------------|------------------|------|-------|----------|--------|
| 1  | Student_59 | Mechanical       | 86.6 | A+    | 65.5%    | Pass   |
| 2  | Student_19 | Civil            | 86.2 | A+    | 71.8%    | Pass   |
| 3  | Student_09 | Mechanical       | 86.0 | A+    | 79.4%    | Pass   |
| 4  | Student_26 | Electronics      | 84.8 | A+    | 76.8%    | Pass   |
| 5  | Student_49 | Electronics      | 82.4 | A+    | 81.5%    | Pass   |
| 6  | Student_27 | Electronics      | 82.0 | A+    | 70.2%    | Pass   |
| 7  | Student_30 | Civil            | 82.0 | A+    | 60.2%    | Pass   |
| 8  | Student_60 | Computer Science | 81.6 | A+    | 65.3%    | Pass   |
| 9  | Student_24 | Civil            | 81.2 | A+    | 82.1%    | Pass   |
| 10 | Student_58 | Computer Science | 79.6 | A     | 88.0%    | Pass   |

## Department-wise Performance Summary

| Department       | Students | Avg Score | Pass Rate | Top Score |
|------------------|----------|-----------|-----------|-----------|
| Civil            | 19       | 71.59     | 100.0%    | 86.20     |
| Computer Science | 12       | 72.70     | 100.0%    | 81.60     |
| Electronics      | 12       | 72.32     | 100.0%    | 84.80     |
| Mechanical       | 17       | 71.54     | 100.0%    | 86.60     |

This report was auto-generated by the CodTech Python Internship Task 2 script. Data analysis performed using Pandas and visualizations using Matplotlib.
